### Executive Summary

I am an aspiring software engineer currently pursuing a BSc (Hons) in Software Engineering, with strong skills in frontend development, UI/UX design, and full-stack solutions. Proficient in HTML, CSS, JavaScript, React, and databases, I have developed responsive projects that highlight creativity, problem-solving, and attention to detail. I am eager to contribute as a Frontend or Full-Stack Intern, bringing a passion for building user-friendly applications while continuously expanding my technical expertise.

| <b>Database</b> - MySQL   MongoDB                            | <b>MS Office</b>                                     |

### SKILLS

User Research | Problem-Solving | Project Management | Teamwork | Time Management | Communication | Critical Thinking | Adaptability | Collaboration | Multitasking | Creativity | Continuous Learning

# LANGUAGES

---

**English** (Fluent) | **Tamil** (Native/Bilingual) | **Sinhala** (Native/Bilingual)

## EXTRA CURRICULAR

---

Prefect (2015-2018), Zahira College, Anuradhapura.

Member of School Chess Team (2010-2018)

Participated All Island Inter-School Chess Championship in 2010

Participated Hackathon – Esoft- 2023

## PROJECTS

---

### Portfolio Website | HTML, CSS, JavaScript

- Built and deployed a **responsive portfolio website** to showcase technical projects and skills.
- Utilized **HTML, CSS, and JavaScript** for clean UI and mobile-friendly design.
- Hosted on Netlify for live access: <https://msworld.netlify.app/>

### POS System | C#, SQL Server Management

- Designed and developed a **Point-of-Sale (POS) application** to streamline **sales, billing, and inventory management**.
- Implemented **SQL Server database integration** for secure transaction processing and accurate stock tracking.
- Improved operational efficiency by automating manual record-keeping tasks.

### Online Class Registration (Esoft Hackathon) | Figma, HTML, CSS, JavaScript

- Collaborated in a **hackathon** to create an **online class registration web application**.
- Applied **UI/UX design principles** using Figma and implemented with HTML, CSS, and JavaScript.

### UI/UX Projects | Figma

- **Traveling App:** Designed a **travel booking and exploration app prototype** with user-friendly navigation and interactive features.
- **Music Page:** Created a modern **music platform interface** with clean layouts and engaging visuals to enhance user experience.
